"Striving to be an organization of choice for businesses who value building a diverse, sustainable and prosperous community through collaborative business leadership."
“West Metro Chamber offers a wide array of events and networking groups from happy hours for Young Professional groups to intimate Business 2 Business leads groups. I have thoroughly enjoyed getting to know the staff who are friendly, well connected and always seeking ways to improve your experience within the Chamber.”

- Lauren Sullivan, D.C., Aligned Health Chiropractic

“I believe that a West Metro Chamber of Commerce membership is an essential tool for long term business growth in Jefferson County. The networking events are well-attended and vibrant, providing a forum that is favorable to connecting with the right people. The relationships and friendships formed through the Chamber are invaluable.

- Josh Caucutt, Edward Jones

“The West Metro Chamber is a true partner for Minuteman Press. Currently, 40 percent of the business at our Lakewood shop comes from connections we’ve made through West Metro Chamber events, leads groups and community programs.”

- Mike Inzitari, Minuteman Press
